Here you can search with Machine ID, Machine Location and Created At. **Please inform How else you want to filter a particular client's data.**

Newly Added => Search by Operator

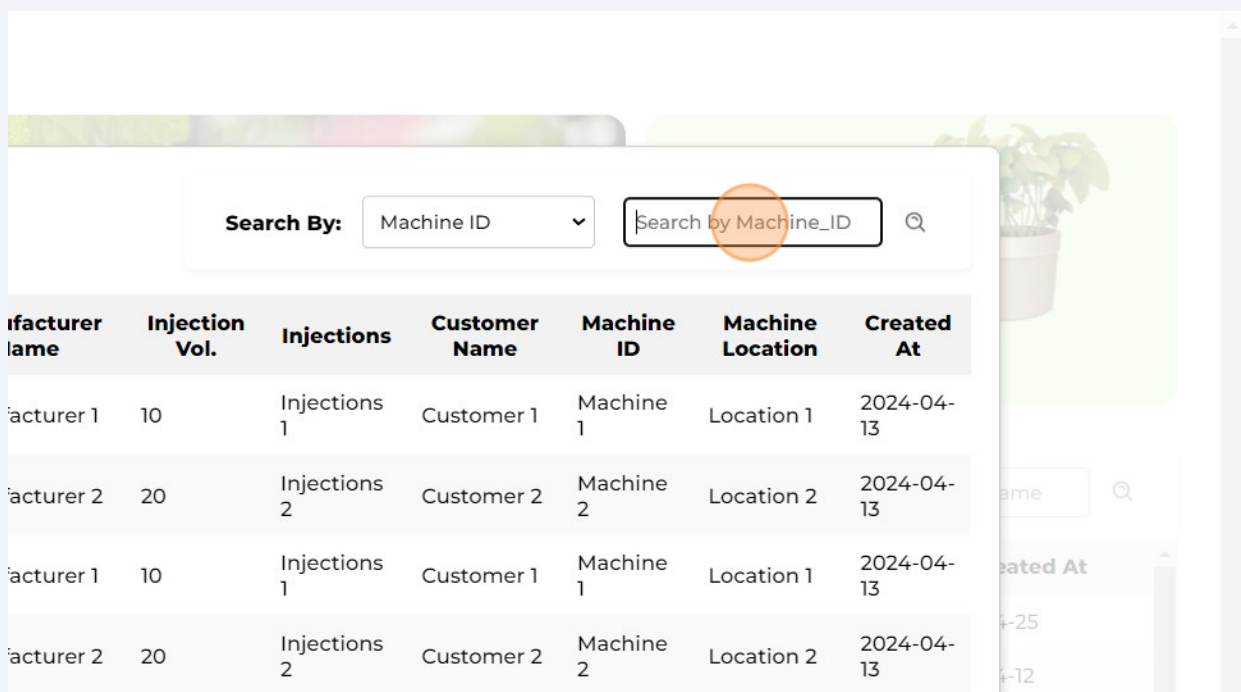

Search By: Machine ID ▼ Search by Machine_ID 🔍

Manufacturer Name	Injection Vol.	Injections	Customer Name	Machine ID	Machine Location	Created At
Manufacturer 1	10	Injections 1	Customer 1	Machine 1	Location 1	2024-04-13
Manufacturer 2	20	Injections 2	Customer 2	Machine 2	Location 2	2024-04-13
Manufacturer 1	10	Injections 1	Customer 1	Machine 1	Location 1	2024-04-13
Manufacturer 2	20	Injections 2	Customer 2	Machine 2	Location 2	2024-04-13

6

"Search by Machine_ID" field. **You will write any machine ID for a particular client and it will filter only the data of machine ID.**

Search By: Machine ID ▼ Search by Machine_ID 🔍

Manufacturer Name	Injection Vol.	Injections	Customer Name	Machine ID	Machine Location	Created At
Manufacturer 1	10	Injections 1	Customer 1	Machine 1	Location 1	2024-04-13
Manufacturer 2	20	Injections 2	Customer 2	Machine 2	Location 2	2024-04-13
Manufacturer 1	10	Injections 1	Customer 1	Machine 1	Location 1	2024-04-13
Manufacturer 2	20	Injections 2	Customer 2	Machine 2	Location 2	2024-04-13

7

Here you can close this pop up. **In next development you will have a Download button of a CSV file according to theme of dashboard.**

The screenshot shows a dashboard with a sidebar on the left containing 'SETTINGS' and 'Log Out'. A pop-up window is overlaid on the right, displaying a table with 8 columns: No., Recipe, Amount, Unit, Process, Strain, Terpene, and Manufacturer. The table contains 7 rows of data. A 'Close' button is visible on the pop-up.

No.	Recipe	Amount	Unit	Process	Strain	Terpene	Manufacturer
2	Recipe 2	200	Grams	Process 2	Strain 2	Terpene 2	Manufac
3	Recipe 1	100	Grams	Process 1	Strain 1	Terpene 1	Manufac
4	Recipe 2	200	Grams	Process 2	Strain 2	Terpene 2	Manufac
5	Recipe 2	200	Grams	Process 2	Strain 2	Terpene 2	Manufac
6	Recipe 2	200	Grams	Process 2	Strain 2	Terpene 2	Manufac
7	Recipe 2	200	Grams	Process 2	Strain 2	Terpene 2	Manufac

8

Tab to register a new client that will send machine data. Here you can also assign a new admin that can access this dashboard if you want to make multiple admins of this dashboard.

Note: Only Admins will be able to access this dashboards not clients.

The screenshot shows the Purogen dashboard. The sidebar on the left has a 'QUICK MENU' with 'Dashboard' and 'Registration' (highlighted with an orange circle). Below the menu is a 'SETTINGS' section with a 'Log Out' button. The main content area features a 'Welcome to Purogen.' message with 'Hello Admin, Welcome back!' and a 'Client Listings' table.

No.	User Name	Email
1	auriaofficial	auriaofficial@gmail.com
2	auria	m.auria.ahmad@gmail.com
3	client	client@client.com

9

Here you can register a client or a new admin of this dashboard.
by default radio button is at client.

If you want to create an admin for this dashboard, simply fill out all the information about an admin and check admin radio button and click register.

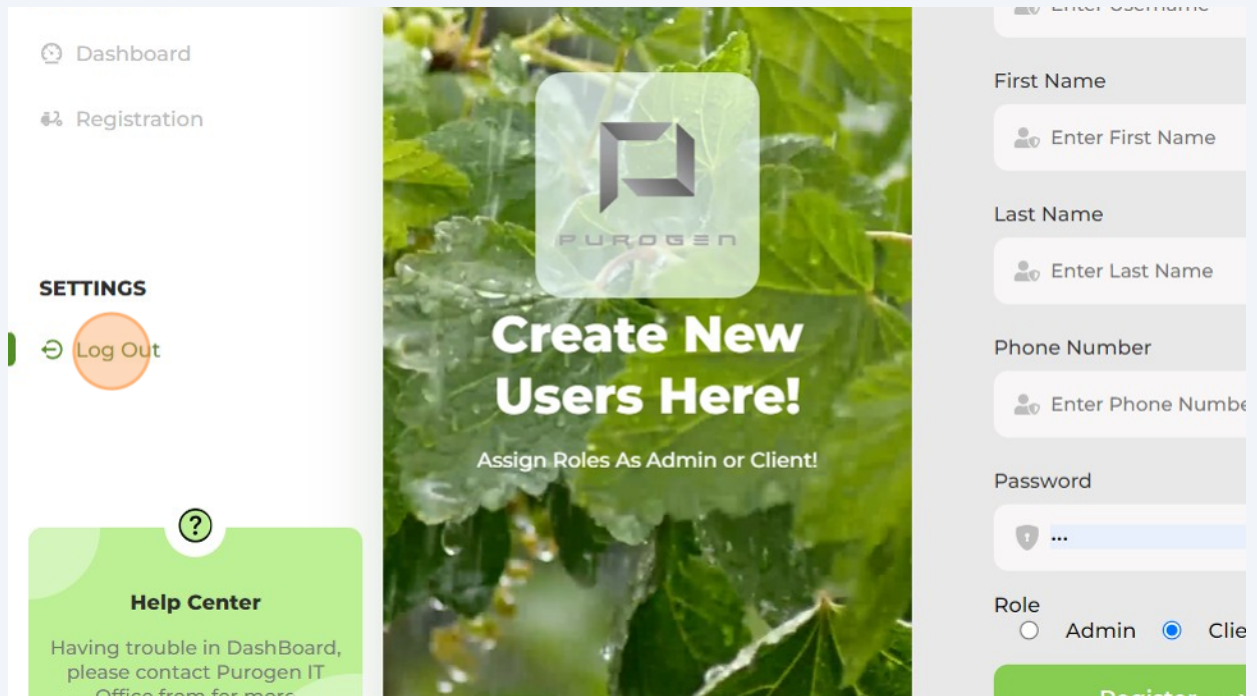

Please add, remove or alter any input field you want.

10

when you will register a client or admin. after successful registration, here all the information of registered person will populate.

In next development run, there will be a download button to save newly created user data in your local storage so you can also print it in hard form.

11 Here you can log out.

12 Please feel free to add more tabs or functionalities according to your requirements in Admin Dashboard. Thanks.
